**RAGLAN SLEEVE JACKET
POCKET**

Cut one pair on bias in main fabric

The diagram shows a pattern piece for the back neck facing of a raglan sleeve jacket. It is a large, roughly rectangular shape with a curved top edge and a curved bottom edge. A vertical line runs down the left side, and a horizontal line runs across the top. A smaller rectangular piece is attached to the left side of the main piece, with two arrows pointing left towards the main piece, indicating where it should be attached. The entire pattern is enclosed in a dashed rectangular border.
